Ike Prepares Sunday Punch of Campaign

By WILLIAM M. BATES

WASHINGTON (UP)—President Eisenhower got set to launch his Sunday punch in the roaring congressional battle today with Adlai E. Stevenson slumped for Democratic candidates in the victory East.

Mr. Eisenhower will give the Republican campaign a final boost with a nationwide radio TV speech at 8:40 p. m. EST tonight and a flying tour of four crucial areas tomorrow. His only other scheduled campaign effort before Tuesday's election will be the traditional "get out and vote" appeal Monday night.

Financed by the Republican National Committee, Eisenhower's windup tour will take him to Cleveland, Detroit, Louisville and Wilmington, Del. All four cities are located in states where Republican and Democratic contests are in bitter and senatorial contests.

Stevenson, who carried the Democratic nomination, pushed his party's drive to capture control of Congress into the New York-New Jersey area today after unloading a blistering attack on Eisenhower in Wilmington, Del., yesterday.

Soldier, said Stevenson, has this nation "lost as much ground abroad and made as little progress at home" as it has under 20 months of GOP rule.

A Democratic vote will mean that we are ending one of this sordid bickering and confusion whether believed or not that has kept this country respect abroad," he said.

Both national committees, meanwhile, hammered at each other over unemployment which has become a key issue in the campaign.

Democratic National Chairman Stephen A. Mitchell said that Eisenhower failed to "tell the whole story" when he claimed in speech Monday that unemployment had dropped by 400,000.

Mitchell said the administration's own figures put the jobless decline at 358,000.

British Strikers Strengthen Lines

LONDON (UP)—Leaders of the British strike strikers' union, British Miners' Association, strengthened their picket lines against a back-to-work drive today, the union's 34th day.

More than 35,000 of the nation's 70,000 miners still were idle and 344 ships were tied up awaiting loading or unloading of cargo.

An official court of inquiry arranged, meanwhile, to give the House of Commons an interim report on the big stoppage.

Approximately 300 dockers went back to work in London and Liverpool yesterday but 200 other joined the walkout in Manchester.

Man to Trial in Shotgun Slain

DE WITT, Mo. Trial for Walter Baxter, 44, on a charge of first degree murder in the shotgun slaying of City Marshal Burd O. Burbank, has been set for Thursday.

Burbank was killed Aug. 30 while he was investigating reports of disturbance at a boarding house here. The man was shot when he reached the porch of the house, Prosecutor J. R. Reed said he will ask the jury.

SUPPORT THE PARTY THAT HELPS YOU

In the great tests that the Democratic Party has faced in the past, Arkansas has always stood firmly by the party that has given our nation such great leaders as Jefferson, Jackson, Wilson, Roosevelt, and many, many others. In 1928, when some Southern states deserted the ranks, Arkansas stood fast. Again, two years ago, our state proudly stayed in the Democratic column.

WHY IS THIS SO? Why Does Arkansas Vote the Democratic Ticket Year After Year?

The answer, of course, is simple. Arkansas votes the Democratic ticket because a majority of the people of the state believe in the same things the Democratic party believes in. They want to vote for the party that has been fighting their battles all through the years. They know that Democratic leadership has always brought progress and prosperity to our nation and our state. Democrats know that their place is in the party that has a place for Arkansas. They vote for Democrats because they believe in the Democratic party, in the party's leadership, and in the things the Democratic party stands for.

HOW CAN YOU HELP

You can help the Democratic party and strengthen it at all levels of government by going to the polls Tuesday, November 2, 1954, and voting for all Democratic nominees in State, District, County and City races.

Your Vote Helps Provide the Strength for the Democratic Party in Your State and Nation.

WIN WITH DEMOCRACY

Hope, Arkansas, October 29, 1954

We, the undersigned Democratic Office Holders and Democratic Nominees, serving Hempstead County and City of Hope, Arkansas, do earnestly solicit the support of every voter in the County for the entire Democratic Ticket to be voted on at the General Election, Tuesday, November 2, 1954. It is our belief that only through the process of our Democratic form of Government will the best interests of our people in Arkansas and Hempstead County be served.

Big Market
Crash Just 25
Years Ago

By ED CREAGH
For James Marlow

WASHINGTON (UP) Just 25
years ago today the bottom fell out
of the New York Stock Exchange.

The echoes of that spectacular
crash still rumble around the
world.

For the market crash of Oct. 29,
1929, heralded the greatest depres-
sion this country has ever known.
It engulfed the United States in a
worldwide economic morass that
proved a breeding place for the
seeds of World War II.

Here, at home, the depression
swept Franklin D. Roosevelt and
the New Deal into office.
Perhaps as important as any
other effect, the crash and the de-
pression did something to the
American spirit.

They didn't, as they seemed for
a time to threaten to do, make
a nation of pessimists. But
they did, perhaps permanently,
dampen a notion that Americans
were destiny's tots that this
country was somehow exempt
from the woes that were always
besetting foreigners.

And of course that time of shak-
en values and bruised faith had
this added lingering effect, among
others: it led some Americans to
a belief, rudely shattered for most
in the years to come, that the
Russians had come up with a sys-
tem which worked better.

All told, that Oct. 29 was a mem-
orable day. Maybe it should be
observed each year. Not a day of
rest, as a holiday would be, but
one of deep if not prayerful med-
itation, which is hard work indeed.
Actually, the trouble didn't
start Oct. 29. The market broke
sharply as early as March of that
year. It bounced back swiftly how-
ever, and its very recovery served
to discredit the few skeptics who
kept asking how long this crazy
spree of paper prosperity could
continue.

On Sept. 3 1929, the Associated
Press average of 60 selected stocks
soared to an all-time peak;
\$157.70 a share.
By the middle of that month the
average began to drop, however.
By October it was skidding sev-
eral dollars each day. Oct. 24
still known as "Black Thursday"
saw the skid become a headlong
tumble. A wild rush to sell wiped
out five billion dollars in stock
values in a single day.

The bottom finally fell out five
days later—25 years ago today.

The nation was a long time re-
covering. The Democrats say they
saved it. The Republicans say it
never was really saved, except by
war booms, until they got back in
office. The Democrats say condi-
tions aren't too good right now, if
you want their opinion. The Re-
publicans say things were never
better in time of peace.

One thing most experts agree on
the nation isn't likely to have
another major depression.

What's to stop another 1929?
type boom and bust? A number
of things: tighter reins on specula-
tion. Sounder values of stocks.
Above all, perhaps, a long period
of sobriety on the part of the
American people, a realization
that another gambling-on-the-mar-
ket spree might end up in the same
kind of post-1929 hangover.
The bottom line, most experts say. But not all.
J. Kenneth Galbraith, the Harvard
economist, asks himself in the cur-
rent Harper's magazine if 1929 can
happen again and answers: "Of
course." Never underestimate, says
Galbraith, the ability of people to
make fools of themselves when
they think they see a chance to
get rich.

Charges U. S.
Agencies Join
TVA Enemies

WASHINGTON (UP) Gordon
Clapp, former TVA board chair-
man, charged today that two gov-
ernment agencies have joined with
TVA's "worst enemies" in the con-
troversial Dixon-Yates power con-
tract, in a planned campaign to de-
stroy the Tennessee Valley Au-
thority.

Clapp, long-time TVA official
whose term as board chairman ex-
pired last May, made the charge

before the Senate Anti-Monopoly
subcommittee. The subcommittee
has been looking into the contro-
versial contract which has been
approved by the government, but
not signed.

Under its terms, the Dixon-Yates
utility group, composed of Middle
South Utilities Inc. and the South-
ern Co., would build a steam plant
at West Memphis, Ark. to supply
power to TVA to replace TVA's
delivered power to atomic energy
commission installations.

In one of the sharpest attacks to
date on the proposal which has
become an issue in the political
campaigns, Clapp charged that the
contract is a "bad financial ar-
rangement for the United States."
He said it is "unsound" from an

Can't Find
Addresses in
Tax Book

HOT SPRINGS (UP) George
Earnshaw, Garland County cam-
paign manager for Republican can-
didate Pratt Remmel, charged
here yesterday that 500 of nearly

5,000 pieces of campaign literature
mailed to persons listed in the 1934
poll tax book had been returned.
Earnshaw said the returned mail
bore the postal markings:

1. No such address.
 2. Unknown at this address.
 3. Address incomplete.
 4. Moved, no forwarding address.
- Earnshaw said he had talked
both with Postmaster Paul E.
Francis and Tax Collector Ray
Owens about the matter. "I am
making no formal charges because
I believe the evidence is insuffi-
cient for such action, but I think
the matter deserves some investi-
gation," he said.

Provoe Re-indicated
on Ceven Charges

BALTIMORE (UP) John David
Provoe, once a clerk in a San
Francisco bank, has been reindict-
ed on seven charges of "overt
acts" of treason in World War II
by collaboration with the Japan-
ese.

A onetime Army staff sergeant
Provoe was convicted of treason
in New York in February 1953
and sentenced to life. Then a fed-
eral appeals court upset the con-
viction on the grounds that he
should have been tried in Mary-
land, because he was a prisoner
at Ft. Meade at the time of his
original indictment.
